**X2000**  
PLATINUM SERIES TRUCK LID

**The Hinge is  
the Difference**

**For Work or Play** *Gaylord's<sup>®</sup>* **Has You Covered**

[www.GaylordsLids.com](http://www.GaylordsLids.com)

Sleek and stylish, the Gaylord's platinum series X2000 Lid combines O.E. quality and revolutionary design. With its lustrous paint finish and unique no drill hinge system, the X2000 is an industry leading achievement in functionality and design.

**Standard Features and Benefits:**

- Individual fit and design follows the truck's bodyline for an O.E. look. (Picture 3)
- Resin filled composite honeycomb gives a durable long lasting construction.
- Gaylord's X2000 patented hinge system allows for easy opening and closing.
- O.E. style single lock. (Picture 2)
- Double rotary latch system. (Picture 6)
- Keyless Remote Access. (Picture 4)
- Dual heavy-duty gas struts mounted to the hinge system allows full side access to truck bed. (Picture 1)
- Double weather seal helps protect cargo from the elements
- Trim or trimless, either way our lid comes with a neoprene seal which helps protect the bed rails from excessive wear and tear.
- BASF automotive paint finish is color sanded and buffed, giving an industry leading finish.
- Under the lid variegated charcoal carpeting tops off the interior of our X2000, giving it a plush look and feel. (Picture 6)
- Nylon pull strap to assist in closing. (Picture 6)
- 12 volt interior dome light for 24 hour visibility. (Picture 5)

**X2000 Options:**
